Managing the Compliance Risks  
Associated with Business Travel

## Business Travel is Becoming More Complex

Knowing where your mobile employees are and what they are doing is a critical part of employee management. But how do you manage to do this in a complex environment where data is distributed across multiple systems? Working in conjunction with GT Global Tracker, Aires has a solution.

**Alerts are issued to the traveler and mobility teams  
as critical thresholds approach, allowing for intervention to maintain compliance.**

 Pre-Trip Assessment	 Day Count For Fiscal Year, Rolling 6 & Rolling 12 Months	 Live Trip Monitoring & Alerts for Tax & Immigration	 Posted Worker Compliance Alerts	 International Tax Treaty Compliance
 Social Security Compliance Alerts (A1/COC)	 Panic Alerts	 U.S. Interstate Withholding Alerts	 Duty of Care Emergency Location	 International Social Security Compliance
 Risk Alerts	 Budget Approval	 Security Risk Management Approval	 Per Diem Allocation & Integration with GSA Rates	 Permanent Establishment
 Payroll Integration	 Detailed Analytics On Trip Accumulation	 Document Storage For Critical Business Travel Information	 Third Party Vendor Integration	 Travel Agency/Expense Management Integration

**Aires TravelTraX combines service and technology for the ideal solution you've been looking for.
